

WSC Response

Developers are advised to view requirements in:

1. Sewage Discharge Control Regulations L.N 139 of 2002 as amended by L.N 378 of 2005.
2. L.N 29/10 Part III (Roads in Inhabited Areas) Clause 12.
3. DC 2015 Clause 4.3.3 Provision of Water Reservoirs and Second Class Water Policy P47.
4. Building Regulations Technical Guidance Document F where these apply to the proposed development.

Developers are advised to check with the Manager Region Office WSC the invert level to the sewer and the provision of water up to the new level where water tanks shall be installed.

For non-residential uses, developers are requested to submit floor plans (1:100) of the drainage system (rainwater and wastewater) to the Discharge Permit Unit, WSC, Luqa or via email at dpu.consultations@wsc.com.mt
