* One of the applicants attends a Church school without continuity and has a sister in a Church school. Hence she has taken part in this ballot. She will be asked to choose whether she will continue with the siblings criterion or school without continuity. If she decides to continue with the siblings criterion then she will not choose a school when it is her turn to choose according to her ranking. If she chooses to continue with the school without continuity criterion then she will renounce the place she occupies under the siblings criterion. In the table above she is listed both with the occupied places as well as the participants for Choice of School. Eventually, a place will be deducted for this applicant and the vacant places will go from 59 to 60.

** We had six sets of twins. A set of twins both participated in the Choice of School ballot. The applicants may be registered in the same school and will be given the highest rank scored by one of the twins. We also had 3 sets of female twins, and one twin of each pair did not take part in the Choice of School ballot. According to the Sibling Criterion both twins may be enrolled in the same school of the sibling who took part in the ballot. Two applicants have twin brothers who will participate in the choice of school for boys. These applicants may be registered in the same school as their brother if the school the brother registers in is co-ed.
